

## Phil Lowery's Longest High School Game research Study

Research over the past two decades has discovered 35 High School baseball games lasting 20 or more innings. The record for longest game is a tie between a 1967 game in Hawai'i and a 1975 game in California --- 25 innings. If you know of any High School games that have lasted 20 innings or more, please contact Philip J. Lowry via e-mail at [plowry1176@aol.com](mailto:plowry1176@aol.com) so that he can update the records.
